SES High Five Permission Information

The information requested on this application is necessary for 21st Century Community Learning Grant Program and statistical requirements and will be kept strictly confidential.

Permission to access the internet and email

Your daughter/son will be permitted access to network computer services with expectations to match school-day usage. (Please see student handbook - available on school website). The District uses a filtering system that generally blocks student access to inappropriate sites. If you do not want your student to be allowed this access, you must inform the CLC program, in writing, within 14 days after the date of enrollment.

Permission to photograph, video and record audio

I understand that my child's picture may be taken for the purpose of media coverage for the CLC program and I agree to allow these photographs, videos and audio clips to be used for media purposes. If you do not want your student to be allowed this access, you must inform the CLC program, in writing, within 14 days after the date of enrollment.

Permission to participate in surveys and testing for data collection purposes

I understand that my child may be asked to complete survey information and participate in testing regarding the CLC program for evaluation purposes and I agree to allow my child to participate in such.

Permission to speak with school staff regarding child's progress

CLC focuses on improving education and I agree to allow the CLC staff and school staff to exchange information, academic progress, and program planning at my child's school regarding my child's grades, conduct, and attendance records.

Permission to attend after school field trips

I understand and give my child permission to attend Afterschool "walking" Field Trips. Field trips that require van transportation will require a separate permission slip that will be sent home prior to field trips requiring transportation. If my child is registered for a traveling class (in which van transportation is part of the class), I will not receive a separate permission slip. By registering for a traveling class, I give permission for my child to attend all field trips and ride the CLC van. I understand and agree to the behavior expectations of the van as stated above.
