The following table highlights priority maintenance needs for Spooner High School. Table below identifies the measure and a general description of the need. Projects are dependent on available funding.

Spooner High School	
Measure	General Description
Secure Entrance	The District should install a door to buzz into the HS office from
	vestibule area. This will ensure everyone enters the building through the office area.
Interior Lighting	The main lighting is in good condition, but emergency lighting is a
menor Eighting	concern. The emergency fixtures have batteries in them that go dead
	quickly. One solution is to replace the existing fixtures with LED
	emergency lights that will not drain the batteries as quickly.
Gym	The District should upgrade the audio and scoreboard in the gym.
Cameras	The District should add cameras to the north parking lot.
Parking Lot	The parking lot areas need the cracks filled and sealed as part of
	ongoing preventative maintenance. This should be done every five
5.1	years.
Boilers	The District should replace the existing boilers (Thermal Solutions) that
Water Heaters	are currently non-condensing to high-efficiency boilers. The District should update the water heaters both for domestic and
water neaters	the kitchen (5 total)
Pumps	The District should update the pumps in the boiler room and the
	geothermal pumps on the south end of the school. (4 total)
Energy Recovery Units (ERU)	The fans in both ERU need to be updated - 1 & 2 to be located in the
	ductwork.
Controls	The District should update the head end system with the controls to open protocol.
Exterior Lighting	Any remaining exterior lighting should be converted to LED.
Generator	The District should install a generator for the high school.
Gymnasium	The indoor gymnasium has issues with the motors that drive the
	basketball backboards up and down as well as the divider screen and
	screen for presentations. These pieces of equipment need to be
	repaired.
Choir Room	The choir room needs audio and video projection upgrades for group meetings.
Commons	The District should upgrade the audio and video projection in the
	commons area.
Athletic Field Turf	Update current football field to turf.
Athletic Field	The athletic field needs numerous upgrades, including the scoreboard,
	digital signage, wireless upgrades, press box connectivity, and
	surveillance cameras.
