

PHOTOGRAPHER RECOMMENDATIONS FOR SENIOR PORTRAITS

The time has come to schedule senior portraits! This process can be very overwhelming to some and in order to make it a little easier we have compiled a list of local photographers. You are, of course, not limited to this list but it can serve as a good starting point if you are just beginning your search for the right photographer for you!

Remember to show your photographer the senior letter you received that has details on how to submit portraits, digital file requirements, and photos that are appropriate for submission.
